PROFILE

Entry-level data professional with hands-on experience in Python, SQL and data analysis. Interested in turning raw data into useful business insights and practical solutions.

SKILLS

- Python
- SQL
- Excel
- Pandas
- NumPy
- Power BI
- Machine Learning
- Scikit-learn
- Git
- GitHub

LANGUAGES

- English — Fluent
- Hindi — Native
- Malayalam — Conversational

CERTIFICATIONS

- Python for Data Analysis
- SQL for Data Analytics
- Introduction to Machine Learning

WORK EXPERIENCE

Data Analyst Intern

abc Digital Solutions, Bengaluru | Jan 2025 – Jun 2025

- Cleaned and analyzed business datasets using Python, Pandas and Excel.
- Used SQL to retrieve, filter and summarize data.
- Created Power BI dashboards to present trends and key performance indicators.
- Prepared weekly reports and supported data-driven decision making.

Data Analytics Trainee

BluePeak Technologies, Bengaluru | Jul 2024 – Dec 2024

- Worked with Python, NumPy and Pandas on practical analytics projects.
- Prepared datasets and created basic visualizations.
- Applied introductory Machine Learning concepts using Scikit-learn.

EDUCATION

Bachelor of Technology — Computer Science

Eastwood Institute of Technology, Bengaluru | 2022 – 2026

Relevant coursework: Python Programming, Database Management, Data Analysis, Machine Learning

PROJECTS

Retail Sales Intelligence Dashboard

- Analyzed retail sales data using Python, Pandas and SQL.
- Used Excel for data preparation and Power BI for dashboard creation.
- Identified monthly trends, high-performing products and customer patterns.

Student Performance Predictor

- Built a basic prediction model using Python and Scikit-learn.
- Prepared data using Pandas and NumPy.
- Evaluated model results and documented findings.

ADDITIONAL

Interested in Data Analytics, Machine Learning, business intelligence and automation.
